

TPP=Betrayal Rally & Vigil

Thurs. Feb. 4
4 PM - 7 PM

GM Headquarters

GM Plaza Promenade on Atwater St behind the Ren Cen
Detroit 48226

Join **Stop The TPP-Michigan** in raising our voices against the toxic and oppressive trade deal, the TPP (Trans-Pacific Partnership.) This deal, and others like it blatantly favor corporate rights over workers rights, indeed the sovereignty of nations and citizens alike. The impact such a trade deal would have if passed, would be disastrous for U.S. workers, the environment, and the people at large. No more profits over people!!

February 4th marks the first day Pres. Obama can sign the TPP into law, per fast track legislation. But we still have a chance. We can still apply pressure. Especially before this goes to congress. This campaign is just beginning, but our resistance is needed NOW.

We will meet for a rally behind the GM headquarters, at the GM Plaza Promenade at 4:00 p.m. We'll hear speakers talk about the TPP, and what it represents for the community, as well as on a larger scale. From there, we'll march to the Transcending Labor's Legacy monument at Hart Plaza, for a candle-lit vigil and community, as well as to announce coming actions and ways to resist corporate power grabs such as this. Our public action will coincide with similar rallies in 25 U.S. cities (and growing). And we're just getting started!!!

Parking: Miller Garage @ 400 Renaissance Dr W, & Ford Underground Parking @ 30 E. Jefferson

There are many ways that you can help – with an organizational endorsement, getting the word out and recruiting your friends and co-workers, bringing your own signs, etc. If you would like to speak or perform at the event, or have any further questions, please contact:
